HOW IT WORKS

Our **website packages** are built on a flexible, points-based system. Every feature add-on carries a point value based on its complexity.

- Bronze at Level 1 (5 points)
- Silver at Level 2 (6–9 points)
- Gold at Level 3 (10 points)

You simply pick the features your business needs, like choosing from a menu, and your total points determine your price. No surprises, no unnecessary extras. Just a website built around your business.

STRIVRE SERVICES
FLEXIBLE. TRANSPARENT. BUILT FOR YOU.
WEBSITE PACKAGES THAT WORK THE WAY YOU DO.

BRONZE LEVEL 1	SILVER LEVEL 2	GOLD LEVEL 3
★ 5 POINTS BASIC FEATURES	★★ 6–9 POINTS ENHANCED FEATURES	★★★ 10 POINTS PREMIUM FEATURES

HOW IT WORKS:

1. CHOOSE YOUR FEATURES
2. TOTAL YOUR POINTS
3. GET YOUR PERFECT WEBSITE

Man's thought bubble: WE NEED A NEW WEBSITE, BUT ALL THE PACKAGES ARE SO CONFUSING AND EXPENSIVE. I JUST WANT WHAT MY BUSINESS NEEDS—NOT EXTRA STUFF WE'LL NEVER USE.

Woman's speech bubble: THAT'S EXACTLY WHY WE BUILT STRIVRE. YOU PICK THE FEATURES YOU NEED—LIKE CHOOSING FROM A MENU. YOUR TOTAL POINTS DETERMINE THE PRICE. NO SURPRISES, NO EXTRA COSTS. JUST A WEBSITE BUILT AROUND YOUR BUSINESS.

Desk items: CEO mug, STRIVRE SERVICES mug, notebook with features (MODERN DESIGN, ONLINE BOOKING, CONTACT FORM, MOBILE FRIENDLY, BLOG), tablet showing 'YOUR BUSINESS' website, brochure showing 'BUILT AROUND YOUR BUSINESS' website.

Building Spaces. Creating Futures.

We deliver innovative construction solutions with quality, integrity, and on-time results.

MULTI-LANGUAGE OPTIONS

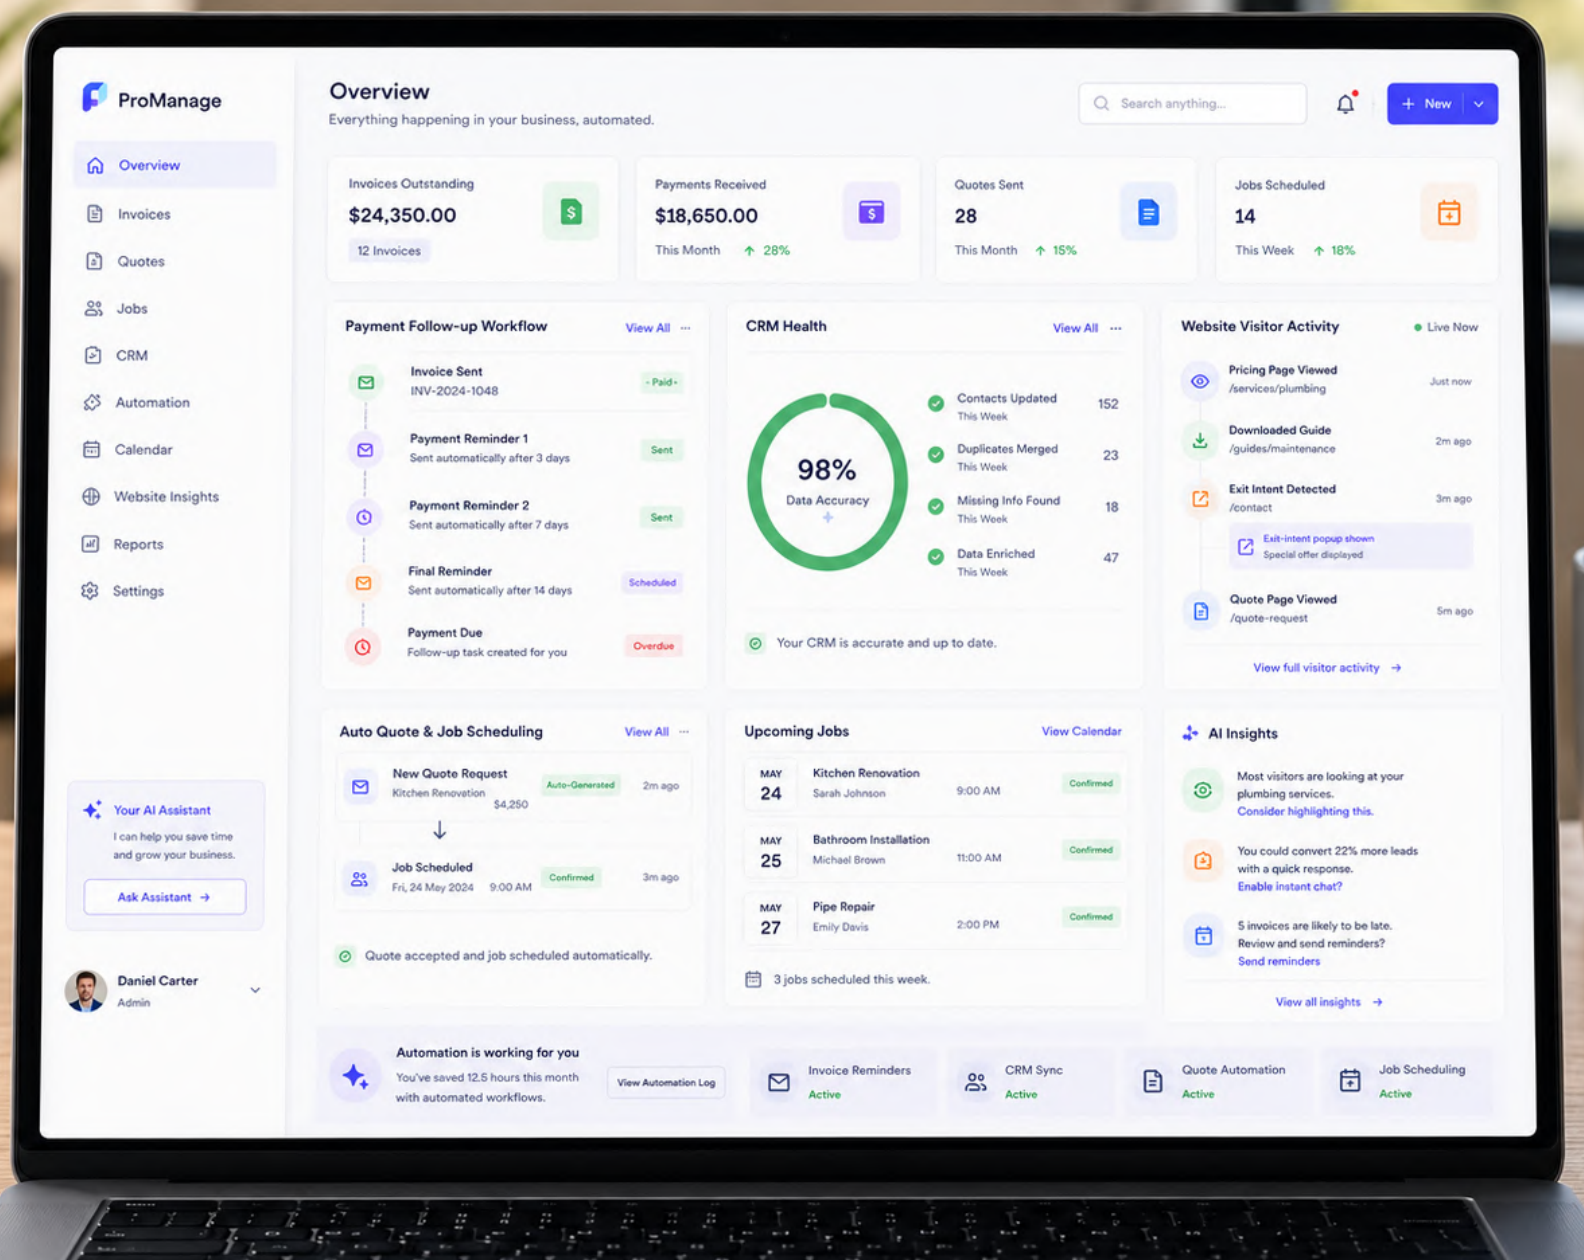

Serve customers in their language and open your business to new markets.

KEY BENEFITS:

- Reach customers who prefer to browse and buy in their own language
- Expand into new regions without building a separate website
- Build trust with international or multilingual audiences
- Keep your brand consistent across every language version
- Easy for your team to manage and update across all languages

TECHNICAL POINTS:

- Multi-language layer built onto a single website with language selector
- Translated content managed independently per language
- SEO-optimised per language for regional search visibility
- Consistent design and branding maintained across all language versions
- Configurable as a full translation or a targeted regional variant

AI AUTOMATION

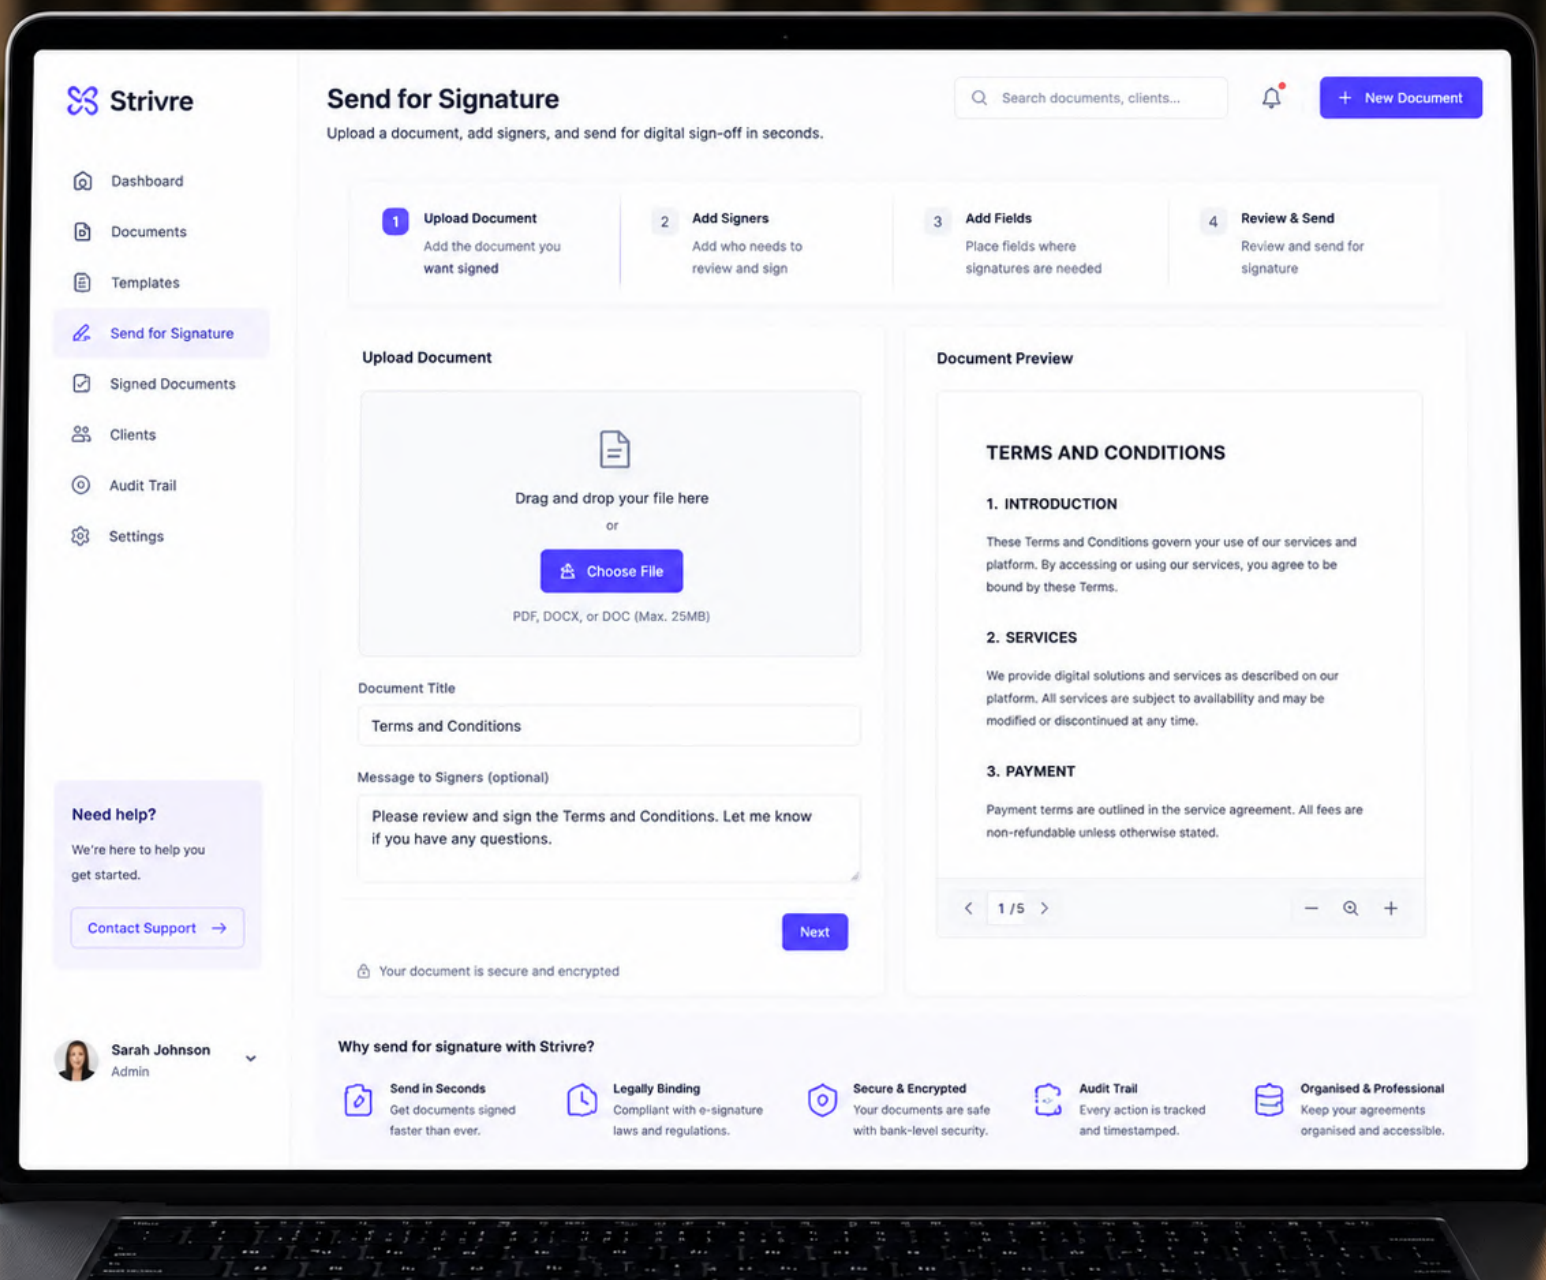

Let technology handle the repetitive work so your team can focus on what matters.

KEY BENEFITS:

- Cut down on manual admin with intelligent automation across your operations
- Never miss a payment follow-up with automated invoice and reminder workflows
- Keep your CRM data accurate and up to date without manual input
- Trades and service businesses can generate quotes and schedule jobs automatically
- Your website actively responds to visitor behaviour, not just sits there passively

TECHNICAL POINTS:

- Operational and back-office automation for routine tasks and workflows
- Auto invoice generation and scheduled payment reminder sequences
- CRM sync with data enrichment to maintain clean, complete customer records
- Auto-quote generation and job scheduling optimisation for trades and service businesses
- AI-powered UX including behaviour tracking, smart service recommendations, and exit-intent prompts

INTEGRATED DOCUMENTATION TOOLS

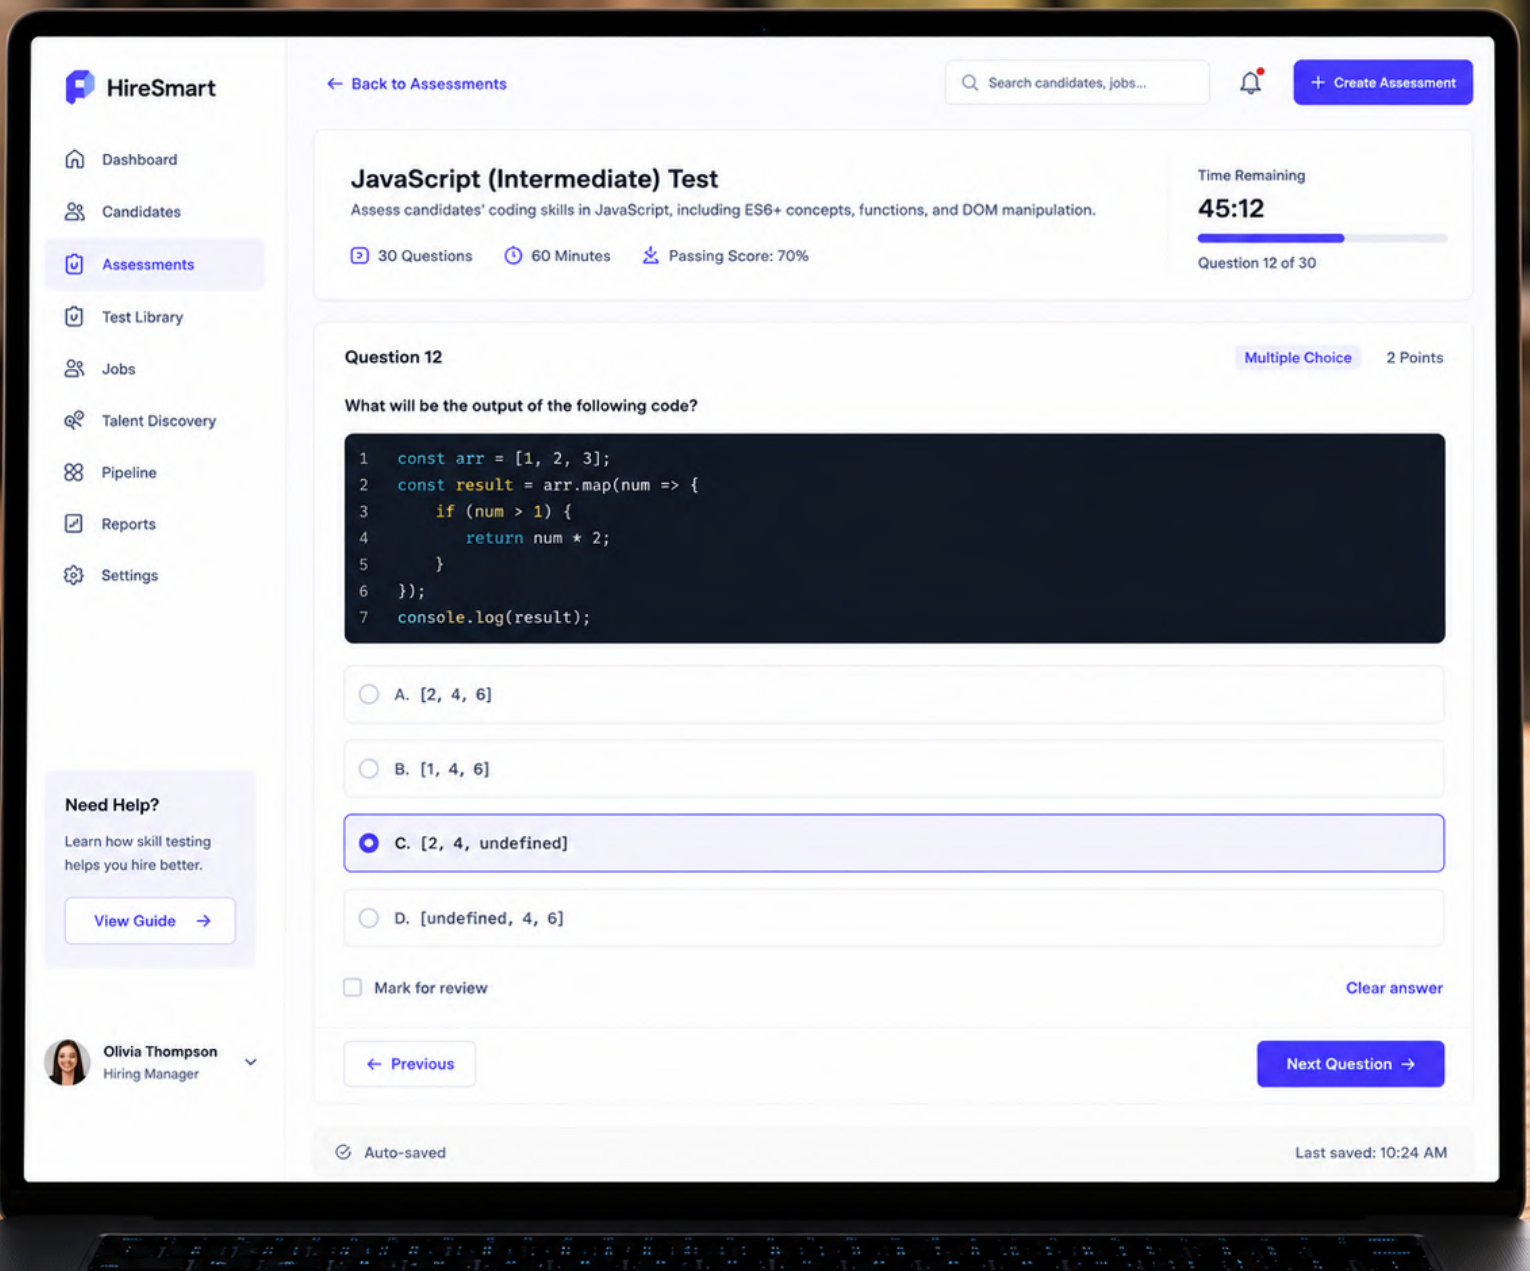

Handle contracts and sign-offs professionally, without the paperwork.

KEY BENEFITS:

- Send terms and conditions to clients for digital sign-off in seconds
- Remove the friction of printing, scanning, and emailing documents
- Keep a clear record of every agreement signed through your platform
- Look professional and organised when dealing with new clients
- Reduce the risk of disputes with clearly signed, timestamped agreements

TECHNICAL POINTS:

- Built-in templates for terms and conditions, service agreements, and standard contracts
- Digital signing capability comparable to DocuSign, fully integrated into the platform
- Signed document storage with timestamped audit trail
- Send and receive documents directly within the Strivre ecosystem
- Customisable templates to match your business type and industry

SKILL TESTING & CANDIDATE SCREENING

Filter candidates faster and hire with more confidence.

KEY BENEFITS:

- Reduce time wasted on unsuitable candidates with structured skills assessments
- Standardise your hiring process so every candidate is evaluated fairly
- Ideal for roles in tech, finance, sales, and customer support
- Identify top talent faster without relying on CVs alone
- Lower the cost of a bad hire with objective, data-backed screening

TECHNICAL POINTS:

- Role-specific skills assessment tools for technical, finance, sales, and support roles
- Talent discovery platform to surface strong candidates from your applicant pool
- Configurable test formats including multiple choice, scenario-based, and practical tasks
- Results and scoring integrated into your CRM and candidate pipeline
- Standardised scoring framework to ensure consistent and fair evaluation across candidates

MEASURE ANALYTICS

See your whole business clearly —
finances, marketing, and performance in one place.

KEY BENEFITS:

- Know exactly where your money is at any given moment — sent, outstanding, and paid
- Track your marketing performance across every channel from one dashboard
- Access your business data on the go via mobile app
- Make faster decisions with real-time visibility rather than end-of-month reports
- Understand which marketing activity is actually driving revenue

TECHNICAL POINTS:

- Financial dashboard showing quotes sent, invoices raised, outstanding balances, and payments received
- Mobile app with in-app payment gateway for on-the-go invoicing and collection
- Website analytics reporting including traffic, behaviour, and conversion data
- Social media and email marketing performance reports in one unified view
- Connects to Measure Finance for full commercial and operational visibility
